Call for Board of Directors Nominations

CACH Net is now accepting nominations for the following positions on the Board of Directors:

- **Member-at-Large (early career): 4-year term**
- **Member-at-Large, Trainee Representative: 2-year term**
- **Member-at-Large, Patient Partner: 2-year term***

*For the Patient Partner, **we are inviting CACH Net members to identify patients who may be suitable for the role.** If you have an individual in mind, please forward the application link to their attention. [Click here](#) for more information about the positions.

CACH Net is looking for individuals who are willing and able to serve CACH Net and its mission, work effectively in a group, and have an appropriate amount of knowledge for the position.

Incumbents are required to attend and participate in Board meetings as well as attend the CACH Net Annual General Meeting held each year. Mandates start in November 2023.

Being a CACH Net Board member is a great opportunity to become active in the organization!

Application deadline is Monday June 19, 2023.

We look forward to receiving your submissions!

The Royal College's new Practice Eligibility Route for the Area of Focused Competence (PER-AFC) in Adult Congenital Heart Disease has launched and is now accepting applications.

Infective endocarditis is a rare yet serious occurrence and contributes to significant morbidity and mortality in the ACHD population. The IE-ACHD registry is a longitudinal observational retrospective and prospective study to better understand risk factors and outcomes of IE.

If you have acquired the competencies of ACHD through professional practice and would like them recognized by the Royal College with an additional designation of Diplomat (DRCPSC), then you are invited to apply. The application form can be requested through diplomas@royalcollege.ca

SUBMIT FOR JUNE 2023 REVIEW!

Data will be entered in a REDCap database housed at UBC; sites can either enter data directly into the database or upload de-identified clinical documents for central data entry. Preliminary data will be analyzed to support grant applications for future funding. Please reach out to [Mika Janzen](#) if your site is interested in joining the registry.

Your 2023 membership renewal invoice has been sent to you by email from membership@ccs.ca. You can pay your dues online through the secureMY.CCS.ca portal. Questions? Email membership@ccs.ca or call 1-877-569-3407 option 2.

Join CACH Net at Vascular 2023!

Vascular 2023 will take place from October 25 to 29 at the Palais des congrès de Montréal with host organizations the Canadian Cardiovascular Society, Canadian Society of Endocrinology and Metabolism, CanVECTOR, Diabète Québec, Diabetes Canada and Thrombosis Canada.

This five-day event is an opportunity to address challenges in the treatment and care of vascular-related diseases that affect millions of Canadians annually. Together, we will promote the many benefits of a truly connected Canadian vascular community.

The 2nd Annual Fontan Education Day took place last month and was a resounding success! The virtual forum had just over 80 patient/family members in attendance and speakers from

across the country. Our patient and family partners led breakout groups with a variety of topics and also provided peer-to-peer support!

Highlights of the Day were captured in beautiful graphical recordings that we are excited to share with you here!

Thank you to everyone who participated and made this an amazing event!
